## Summary

---

Here I'm front-end developer with a passion for learning and creating. I have a proven ability to quickly learn new skills and apply them in building responsive and user-friendly web applications. I have experience in Next.js and React. I love applying responsive design principles and seeing my web pages adapt to mobile screens while still looking Amazing. Although I Currently work as a freelance programmer alongside my primary job, I'm Always developing my skills and researching new technology to learn and adapt.
